ABOUT THIS CATALOG

Our little catalog is late. The gardens have been torn up by water projects; selling has been difficult for two seasons. We were forced to develop new areas of the ranch. Virgin soil gives most of our plants unusual quality this season. We have lots of them too. We hope to please you by quality and quantity. We have restricted our list for ease in shipping rapidly.

Your BEST BUY is a SURPRISE PACKAGE for which send \$5⁰⁰, \$10⁰⁰, \$25⁰⁰, or \$50⁰⁰. Then list varieties you want to try - mainly Craig introductions. If you make a long list, I'll pick from it + do my best to send a surprise package that will more than please!

1960 IRIS INTRODUCTIONS

FRIEDA'S FAVORITE (Craig) Pictured on front cover. This is **THE WHITE IRIS** - a real breeding break for substance and full ruffled form. It's cool superiority is obvious. When in full flower, no connoisseur can see another flower in all our fine collection. Frieda Boshoff-Mostert, famous irisarian from Transvaal, honored the flower with this name. May Frieda's Favorite be as satisfying in distant lands as here at home. - 38" high. net - \$50⁰⁰

ABBEY VIOLET (Craig) Pictured above. This heavy wolloping flower retains delicacy with a flair, an airy ruffle, and a soft wistaria color. 40" \$20⁰⁰

WINTER ROSE (J. Craig) This tangerine bearded bright orchid-rose seems everblooming. Flowering plants from the seedbed were set out late last season. Bloom resumed in Sept. Without interruption it continues to flower on new stalks thru this 26th day of May. With novel strikingly intense color + average form, it is selected primarily for its remarkable blooming habits. Its garden effect is excellent because it produces such a mass of good sized brilliant flowers. Very limited stock. \$10⁰⁰

HOW TO BUY

MAKE YOUR OWN COLLECTIONS: Take \$5 off on orders over \$5⁰⁰ from this catalog. Add a few extra plants acceptable as either extras or alternates. No discount on other collections or items marked net. If you want our biggest plants add extra for postage. This applies to gift plants too. Postage costs limit our extras.

Make our order filling easy + be rewarded in plants. Our mountainous ranch spreads over many miles. Using a more costly alternate may save many dollars in digging time.

Give us every chance to fill your order rapidly and generously. We want our millions of plants in your gardens. **HELP US THIS WAY!** List orders of Iris + daylilies separately + alphabetically with your name + address clearly on each sheet of paper. Don't mix your order or address through text of a letter. Be clear + definite about what sort of an order you want. **IRIS? DAYLILIES?** Lots of good ones Cheap? Very rare novelties?

Then tell us what alternates are acceptable. Time and costs alone limit your order size, rarely plants — of which **WE HAVE THE MOSTEST.**

TRY A SURPRISE PACKAGE see pages 2, 3, 7, 11.

Here especially allow us a big choice to save digging time. Do make your wishes clear, especially as to number of plants you want, and whether iris or daylilies. Because of very large plantings, similar orders are grouped + handled at one time. A little choice allowed us makes order groups easier to dig. Because of order filling by groups we can rarely meet exact shipping date requests. — Approximate shipping dates are all right.

Be rewarded in plants for all time you save us. During height of season, don't expect letters from us.

KEEP SPECIAL OFFERS SEPARATE and list your choices carefully in these.
